

*"creating magical experiences daily"*

## Skills Testing & COVID Policy

### Skills Testing:

We will begin testing in 2022. Every 16 weeks (every 2 sessions), we will test each individual's progress, after which they will receive a report card/certificate. Below is a visual example of the certificate of which there are 2 types:

1. Certificate of Participation
2. Certificate of Advancement
  - a. In order to advance from one level to the next within our recreational program, one must pass the skills test with a score of 75% or better at their current level.

### Flipz COVID Policy (CDC Guidelines):

Given what we currently know about COVID-19 and the Omicron variant, CDC is shortening the recommended time for isolation for the public. People with COVID-19 should isolate for 5 days and if they are asymptomatic or their symptoms are resolving (without fever for 24 hours), follow that by 5 days of wearing a mask when around others to minimize the risk of infecting people they encounter. The change is motivated by science demonstrating that the majority of SARS-CoV-2 transmission occurs early in the course of illness, generally in the 1-2 days prior to onset of symptoms and the 2-3 days after.

We are excited for the new year and the potential it presents. We are growing, independent of the numerous challenges faced this past year. I am very optimistic in the outlook for 2022. We have, from humble beginnings (park gymnastics), grown something very special here at Flipz. We are so very grateful that you are a member of our family at Flipz.

Let's keep that momentum moving forward in 2022!

Happy New Year and as always, Stay Safe.
